Duration

Two day build and one live day

“We needed a venue that would excite delegates. The Car Dealer Expo was planned to be the biggest in the industry and we didn’t want a run of the mill venue. Being in the Automotive industry Silverstone seemed like the obvious choice and after our visit it was clear that it would lend itself perfectly to what we had planned. The team on the day couldn’t have been more helpful in ensuring that our Expo went off without a hitch. We’re back at Silverstone next year and going even bigger”
